THE PULSE OF THE COMMUNITY

FIFTY CENTS

GLOBAL WARMING

Capital Home Builders and Earth Hour 2008 invites all surrounding counties on March 29TH, 2008 at 8:00pm to turn off all lights in your homes and businesses for 1 hour.

If the world can do this, we at Capital Home Builders think a town like Thomasville can join in and make a difference in hopes to slow down global warming.

Please log on to capitalhomebuilders.com and SIGN ON and also see what 1 hour can do.

JOIN US AND THE WORLD
MAKE HISTORY.
